PROFESSIONAL SUMMARY

Motivated Information Technology undergraduate (Batch 2027) seeking Software Development Engineer opportunities. Proficient in Java, Spring Boot, React, MySQL, and REST APIs, with a strong foundation in Data Structures, Algorithms, OOP, and DBMS. Passionate about building scalable software solutions and solving real-world problems.

TECHNICAL SKILLS

Programming Languages: Java, Python.

Backend: Spring Boot, RESTful APIs, FastAPI

AI / ML & Data: FastAPI ML engine, ML pipeline design, data preprocessing, grade prediction model

Frontend: React, JavaScript, HTML, CSS, Bootstrap

Database: MySQL, schema design, CRUD, query optimisation

Tools & Platforms: Git, GitHub, Postman, Swagger UI, Docker (basics), VS Code, EmailJS, Netlify

Core Concepts: OOPs, DBMS, SDLC, Data Structures & Algorithms, Agile.

PROFESSIONAL EXPERIENCE

Software Development Intern | Mist Technologies

May 2025 – Jun 2025

- Developed responsive web applications using HTML, CSS, JavaScript, Bootstrap, and React.
- Built a Vetri Foods website clone and gained hands-on experience with Spring Boot, MySQL, REST APIs.
- Improved debugging, UI development, and responsive design skills.

Academic & Personal Projects

2026 – Present

- Developed full-stack web applications integrating REST APIs, MySQL databases, and React frontends.
- Built and consumed RESTful APIs following SDLC and Agile methodologies.
- Applied OOPs, DBMS, and data structure concepts to design scalable backend systems.

PROJECTS

Student Grade Tracker System (AI-Enabled)

- Developed a full-stack student management system with an AI-powered grade prediction module.
- Built REST APIs using Spring Boot with JWT authentication and role-based access control (Admin, Teacher, Student).
- Developed a FastAPI-based ML service for student grade prediction using historical academic data.

Tech Stack: Java, Spring Boot, FastAPI, Python, React, MySQL, Docker, JWT.

Ezio Automation Website

- Developed and deployed a responsive industrial automation website with enquiry management and an admin dashboard.
- Integrated EmailJS for automated form-based customer communication; deployed on Netlify with mobile-first design.

Tech Stack: HTML, CSS, JavaScript, EmailJS, Netlify

EDUCATION

B. Tech – Information Technology

2023 – 2027

Sri Krishna College of Technology, Coimbatore, Tamil Nadu

CGPA: 7.40 / 10

HSC – St. Joseph's Matriculation Higher Secondary School, Perambalur

2022 – 2023

SSLC – St. Joseph's Matriculation Higher Secondary School, Perambalur

2020 – 2021

CERTIFICATIONS

- Oracle AI Vector Search Professional – Oracle
- Foundations of Cybersecurity – Coursera
- Network & Communications Security – Infosys Springboard
